38	Atwater Elementary School	4701 Huntsville Ave.	25'	

In the event of a community emergency, Sarasota County has 21 emergency shelters for residents and visitors available as a last resort. Become familiar with the shelter information provided and make sure everyone in your household knows the following shelter facts:

- ✓ Shelters are opened on an “as-needed” basis.
- ✓ Shelter openings may vary with each emergency.
- ✓ Pet friendly shelters require current vaccination records for dogs and cats.
- ✓ Never go to a shelter unless local officials have announced it is open.
- ✓ Current shelter information is available from local radio and television stations, the Sarasota County Call Center at **(941) 861-5000** and Access Sarasota. More information is available on the county website, www.scgov.net.

EMERGENCY SHELTERS

Shelter openings may vary with each emergency. Stay tuned to local media for a listing of shelters that will be open. Do not go to a shelter until local officials announce in the media that the shelter is open. Shelter openings will differ by size and intensity of a disaster. See map and shelter list above.

SPECIAL NEEDS SHELTERS

Sarasota County provides a shelter program for those residents requiring special medically related care. Special needs shelters will be available for persons requiring more skilled medical care than available in a public shelter but not requiring an acute care facility such as a hospital. If this type of extended care is needed, contact the Sarasota County Emergency Management office at **941-861-5000** or go online to www.scgov.net to be considered for registration into this program.

FUNCTIONAL NEEDS SUPPORT SERVICES (FNSS)

Functional Needs Support Services are services that enable children and adults to maintain their usual level of independence in a general population shelter. Those requiring FNSS may have physical, sensory, mental health, cognitive and/or intellectual disabilities affecting their ability to function independently without assistance. Individuals will not be turned away from general population shelters, or inappropriately placed in other environments. Upon arrival to a Sarasota County general population shelter, inform Shelter Management staff of your request for services to ensure the most effective approach. Sarasota County will make every effort to meet functional and access needs at approved County shelters upon request.

DOG AND CAT FRIENDLY SHELTERS

Sarasota County offers six dog and cat-friendly shelters, indicated on the shelter list of this guide. ***If you are unable to meet these requirements, please make other arrangements to shelter your pet.***

- ✓ Provide proof of current license and vaccination
- ✓ Pet must be in an appropriate pet crate
- ✓ Provide all items required for your pet
- ✓ You are responsible for the care of your pet while in the shelter
- ✓ Cohabitation of pets and owners is not permitted

DO NOT CALL 9-1-1 FOR HURRICANE INFORMATION	

NOAA WEATHER RADIO

A NOAA weather radio can provide you with valuable hurricane information as well as vital warning information for tornadoes, severe thunderstorms and other dangerous weather phenomena. It also broadcasts warning and post-event information for all types of hazards such as chemical releases and significant matters of public safety.

WEB BASED HURRICANE INFORMATION

Sarasota County Government maintains a special web site to relay important hurricane information for local residents. You can find out which, if any, evacuation zone you live in, your nearest public shelters, special needs registration forms and much more. For more information, visit www.scgov.net, keyword: all hazards.

MEDICAL RESERVE CORPS (MRC) OF SARASOTA VOLUNTEER OPPORTUNITY

The MRC is a community-based group of medical and non-medical volunteers. Training is provided to help members fulfill their roles. Examples include dispensing of medication or vaccinations, serving in hurricane shelters, assisting with disease outbreak investigation and community outreach. Please call **941-861-2900** or visit www.mrcsarasota.org if you would like to volunteer.

STORM DEBRIS

Remember to separate storm debris into the following categories:

- ✓ Garbage – place spoiled food in containers, or double bag it for pick-up
- ✓ Household goods – furniture, clothes, books, toys and carpet
- ✓ Vegetative – tree limbs and trunks
- ✓ Construction materials – drywall, roof shingles, aluminum

- ✓ Appliances – refrigerators, water heaters, televisions and computers

Tips:

- ✓ Avoid stacking debris by utility poles, under power lines, on top of water meter or other water connections, by fire hydrants, by vehicles, next to mailboxes or fences or on storm drains
- ✓ Do not place storm debris in the street

Live on a private road? If so, residents must grant the county the right to enter the roadway for debris removal. For further information or to obtain the Right-of-Entry/Hold Harmless form, call **941-861-5000**.

If a storm causes damage to your property, call **941-861-5000** for instructions on how to prepare storm-related debris for removal. If debris is not properly prepared, the property owner/resident is responsible for debris disposal and the cost for removal.

SARASOTA COUNTY NOTIFICATION SYSTEM – CodeRED

Sarasota County utilizes the CodeRED Notification System - a free, secure, advanced and effective emergency system that allows you to receive calls, emails alerts or text messages about events that could impact your neighborhood or help protect your family or property. This system allows us to send critical communications to all or targeted areas within the county when immediate actions are required. Your contact information remains private, and will only be used for PUBLIC HEALTH, SAFETY and WELLNESS purposes. Anyone with a physical address in Sarasota County may participate. Visit www.scgov.net for more information, to register now or update information, or call **941-861-5000**.

PRESCRIPTIONS

Your prescription medications are one of the most important things to include in your disaster survival kit. But in a declared emergency, what happens when your insurance company claims it is too early for you to get a refill? The Florida Emergency Prescription Refill Bill (FS 252.358 and 462.0275)

requires all insurers to suspend refill-too-soon restrictions when a patient seeks a refill in a county that is (1) under a NWS Hurricane Warning; (2) under a state of emergency declared by the Governor; or the County Emergency Operations Center is activated. If you evacuate out of the county, this law also allows patients to get an emergency 72-hour refill if the pharmacist is unable to obtain refill authorization from the doctor. Keep a list of each medication you take, including the name of the doctor who wrote the prescription, dosage instructions and the name and phone number of the pharmacy where you had it filled.

A PARENT'S GUIDE ON WHAT TO BRING TO A SHELTER FOR YOUR CHILDREN

- ✓ Please bring age appropriate items for your child
- ✓ Baby food jars - combination of vegetables, fruits, cereals and meats
- ✓ Cereal (child age specific)
- ✓ Favorite snacks
- ✓ Healthy snacks
- ✓ Diaper wipes
- ✓ Diapers / pull-ups
- ✓ Formula (powered and/or ready-made)
- ✓ Oral electrolyte solution, such as Pedialyte
- ✓ Juice boxes
- ✓ Baby bottles
- ✓ Baby feeding spoons
- ✓ Nipples for baby bottles
- ✓ Diaper rash ointment
- ✓ Disposable changing pads
- ✓ Infant bathing basin, wash cloths and towels
- ✓ Infant hat and booties
- ✓ Lightweight blankets
- ✓ Portable crib
- ✓ Toddler potty seat
- ✓ Small toys that don't make noise such as books, cards, puzzles, handheld games, extra batteries, and any special item that the child may be attached to that provides comfort.

USING YOUR COUNTY MAP

1. Locate where you live and work on the map.
2. Determine whether you are in an evacuation area, and if so, what level (color).
3. If you are in an evacuation area, or mobile home/manufactured home/RV, decide where you will go if ordered to evacuate. Your choices include:
 - ✓ Home of a relative or friend outside the evacuation zone
 - ✓ Hotel/motel outside the evacuation zone (make arrangements early)
 - ✓ Go to a public shelter
 - ✓ As a last resort leave the area entirely
4. If you must go to a public shelter, use your county map to decide which one is convenient. Make sure you verify the shelter is open before you go.

HURRICANE THREAT

- ✓ The colored areas on the map are vulnerable to storm surge. Storm surge is the saltwater flooding that rushes over coastal areas when the eye of a hurricane crosses land.
- ✓ Storm surge creates a path of destruction, wiping out structures as it rapidly surges inland and then recedes. This is a life threatening situation for anyone who ignores mandatory evacuation orders and stays in vulnerable areas.
- ✓ Hurricanes are categorized on a scale of 1 to 5, depending on wind strength and destructive power. The evacuation zones are color coded to designate the level of storm surge likely to occur with the five categories.
- ✓ If you live in an area ordered to evacuate, gather your family/pets and emergency supplies, secure your home and leave immediately. Failure to obey a mandatory evacuation order is a violation of state and local laws.

Note: All persons living in mobile homes/manufactured homes/RVs must evacuate for all mandatory evacuation orders, regardless of where you are located in the county, due to threat of tornado or high velocity winds.
